

ROCKWELL HOUSE,
GLEN FALLS, N.Y.
C. L. ROCKWELL, PROPRIETOR.

Glen Falls, N.Y., May 25th 1895

My dear friend,

I have your letter of the 18th, & one from my cousin Mr Joe A. H. giving me the happy news, that all was progressing favorably & finely at the N.C. & I feel very sure, when you see my addition to the Chapel it will meet your approval, as it does Messrs Tiffany & Mitchell; the latter told me they had never filled any order, that had received such universal admiration as the Chapel windows. I am so glad you will be free this Sum^r, to enjoy your trip without ^xor weariness, & should the round window be finished before your return my cousin Mr Joe. A. H. will give it his full & interested attention: The day before I left N-York Mr Solon H, came & sat the afternoon

^x worry

with ^{me} and spoke again of your letter, and said "When Mr Dixon visits N.Y. again, I must have him to dine and spend a night with me, I want a good talk with him," he enquired particularly for Col J, and expressed much sympathy for him. As I always say "the best is good enough for me," I have a cold that could not be improved, which must get worse before it gets well. Mr C, went at once for the Dr, & thro' His love & care & the Dr^s skill, I hope I it will soon be well. Mr C, is suffering too also with lumbago, I fear the result of the death of his Aunt, as when he left me, the weather in N.Y. was 88,—90,— & 95; & while in Mass 38, & did not have his winter over coat. I am so glad to know, while Willie is still lame, "it is nothing serious" as you write, I enclose Carson's letter, you can keep until we meet, it is so very interesting. I think Mrs D, & yourself will enjoy it. Mr C, sends warm greetings to you three, with my love from very sincerely

Jo. L Newcomb.

Editors' note

Lumbago is now a seldom used term to mean mild to severe low back pain.
