PRESIDENT'S OFFICE.

1231 Washington Avenue
NEW ORLEANS, Feb^y 19th_1898

Mr. H.K. Pomroy,
Dr Sir,

I had this pleasure yesterday and have just received your letter of the 15th, and contents carefully noted.— if you please to remember, you said to me “why don’t you write Mr C, and tell him all.” I have, and did, as soon as I was told all Mr C, had said of me & my affairs, and have been waiting his reply to that letter of Nov 15th/97. from which you have extracts.—— I accused Mr C. of nothing, but asked him questions, and wrote the clean truths, of all I had done for him, in regard to myself and my actions. In regard to Mr C’s own affairs and himself, I have never asked him a question, no more than I have you and Mr A, of yourselves and your affairs.— Of this trip Mr C, has taken, I knew only of through others, of his intentions which was in July/97__ at Lakewood N.Y. My last letter from him directed to this house, is dated Jan’y 11th/98. nearly 2 months from the date of mine to him Nov 15th/97.— I do hope this letter will be satisfactory to you, as I endeavor to be clean & clear in all my words & deeds. very truly

Jo. L Newcomb.
