Mr. H. K. Pomroy,
My Dear Sir,

In your letter of May 10th just received,—with my thanks in regard to Mr C, I. accept your advice. The pleasant relations—both of friendship and of business which has so long subsisted between us, and which I do hope will continue for many years to come, justify me in explaining to you and your brother confidentially, why it was that I sent for my Will, which was in your custody. Having made my permanent home in New Orleans La where I have founded the ‘H. Sophie Newcomb Memorial College,’ named in honor of the memory of my lamented and beloved daughter—I have after due and full consideration made another Will, which of course rendered it necessary that the one in your custody should be revoked.—My last Will as now made, gives full expression to my wishes and continues my business relations with Pomroy Brothers.—Thanking you my good friends for the fidelity and promptness which has always marked our relations I am
