WINTER RESORT

THE BON AIR,

AUGUSTA, GA

Lakewood, N.York July 10th 1897.

My dear friend,

I have your dear wife's letter of the 2^d, & Willie's of the 6th, & yours of the 7th, which came two days before W's. Do please in "trying to get all of the N.C.A. I can" as you write, have a care (underlined twice) for some rest (both words underlined twice), of your mind and body (both words underlined twice). I was told since I have [been] here, a gen'^{tlm} who had his daugh'r at Wellesley took her away, for reason "she would learn no manners there." I am so glad you have met your "old acquaintances, Dr W^m T. H, & Pres^t Jesse" of whom I have not heard you speak; I wish with you, that you could annually make the visit you are now enjoying. Yes! & Mrs. N— says to herself 'Newcomb College with Prest B.V.B. Dixon D.D.L. Dixie will (underlined twice) astonish everyone' we only want "a little time."— I have had letters from [J.S.Z?] and our dear Mrs Dr R. the former writes — "I shall go in July to California to be absent six weeks only, as I must be back here by Augst 15th for business."— Mrs Dr R_ writes me July 2nd—"Jim Z, was to see me thursday eve'g he left friday eve'g — June 25th —he says he has fully

made up his mind to sell or rent his house." So—Mr F.S. may yet get it—Mrs. Dr R thinks he would like me to buy it. I wrote her you had all you wanted, but she knew I never interfered. — I have had no reply from Col J, in regard to his Son-in-law's appeal to me; it is so very hot, I can scarcely write, & all my kind friends keep me in their debt; there has never been known such heat here. I will try to write Mrs D, & W, soon, to whom give much love with Mr C^s regards and yrself from very

sincerely Jo. L N.
